## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 9 – 18 are allowed.
2. The following is an examiner's statement of reasons for allowance: **Regarding claim 9**, the prior art does not disclose or suggest the combination of wherein a method for charging a battery from a direct-current source liable to significant fluctuations, comprising the repetitive steps of: converting the DC voltage from said direct-current source into a DC voltage which is higher than the voltage of said battery, applying said higher DC voltage to the terminals of a storage capacitor, so as to transfer energy into said storage capacitor, detecting a predetermined voltage threshold over the terminals of said storage capacitor, and upon detection of said voltage threshold, connecting said storage capacitor to said battery during a predetermined time, so as to transfer energy of a discharge pulse with predetermined energy from said storage capacitor into said battery.
3. **Regarding claims 10 and 11**, claims are dependent upon claim 9.
4. **Regarding claim 12**, the prior art does not disclose or suggest the combination of wherein device for charging a battery from a direct-current source liable to significant fluctuations, implementing the method according to any of means for storing capacitive energy, means for converting the DC voltage from said direct-current source into a DC voltage which is higher than the voltage of said battery, means for applying said higher DC voltage to the terminals of said capacitive storage means, so as to transfer energy from said converting means into said capacitive storage means, means for detecting a

Art Unit: 2858

predetermined voltage threshold over the terminals of said capacitive storage means, and means for connecting said capacitive storage means to said battery during a predetermined time, so as to transfer energy of a discharge pulse with predetermined energy from said capacitive storage means to said battery, said connecting means being controlled by said threshold detection means.

5. **Regarding claim 13**, the claims are dependent upon claim 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Response to Arguments***

6. Applicant's arguments, see remarks, filed 3/17/10 with respect to claims 9 - 18 have been fully considered and are persuasive. The rejection of claims 9 -18 has been withdrawn.
